# WELCOME TO EINSTEIN

## The Einstein Way

**EACH CHILD IS DIFFERENT!** Einstein uses data driven instruction to create a learning pathway for each individual student. Our students grow academically and personally because Einstein teachers monitor each one's progress until mastery is achieved. We know that learning can only happen when schools focus on each child's scholastic achievement in a nurturing environment that is safe, clean and respectful.

**EACH CHILD POSSESS A GIFT!** Our philosophy starts with success begets success. Students must be praised on a regular basis for their efforts big and small. We honor this commitment on a daily basis so that our students are engaged through positivity. We also engage them according to their interest. As professional educators, it is our responsibility to identify the talents and gifts of our students and to leverage them as the basis for lessons. We expect every student to experience success daily and to participate in our many extracurricular activities in the arts, athletics and science.

**PARENT PARTNERSHIP** is an important component. We invite our parents to communicate with the school regularly. We also encourage parents to participate in our school community through our PTO, events like "Muffins for Moms" and "Donuts for Dads," or by taking full advantage of our principal's open door policy. Please know that parents are always welcome and that we look forward to working with you.

**"Our mission is to significantly increase student achievement in a safe, clean, respectful and responsible school environment."**

*Shawn Toranto, Einstein CEO*

Einstein's cultural diversity is unparalleled in Louisiana. We provide an ESL program whose expertise has not been surpassed. Across all campuses we maintain an active translation and interpretation department so that all parents, regardless of their English ability, can be involved in their child's education.

# Get to Know Us

## Vested in New Orleans East:

Einstein has replicated our high-quality model expanding from one to four schools in only four years due to the tremendous need in our surrounding community.

We are pleased to provide open admissions schools that are competitive and recognized for their academic achievements - a first for the New Orleans East community. Einstein will continue to grow to improve education for as many students as we can.

## Science, Technology, Engineering and Math Focused

Our STEM curriculum integrates Project Lead The Way and blended learning opportunities through an interdisciplinary approach of exploration, discovery and problem solving.

## Students Are First At Einstein Charter!

Every child deserves high quality educators who take responsibility for teaching and learning. Our cultural vibrancy is reflected in our staff who reflect our student body's multiculturalism.
